## PREFACE

Integrated For Training, ITC, realized the urgent need for a professional training Provider who can serve as a safe and trusted bridge between the employers and the trainees so that the transition from mostly foreign labor to local workers could be achieved as smoothly as possible. With a lot of careful planning and considerable financial backing from our parent company, ITC was launched in 2001.

With hundreds of courses available, we have graduated thousands of trainees who are happily and gainfully employed, hence circulating their earnings into the local economy.

We are proud to be part of the prestigious Abdullah Ibrahim Mohammed Al-Subeaei "AIMS" – a strong and respected firm that was founded in 1933. The Group was listed several times as one of the biggest 100 companies in Saudi Arabia and its activities have been developed to cover a variety of business sectors including Finance, Real Estate, Manufacturing, Training and many others.

ITC represents the parent company's eagerness to support and participate in the national approach to qualifying and developing workforce.

ITC was established with clear and concise goals that will assist in qualifying and developing the nationals so they can play a vital role in various industries.

## ADVANTAGES

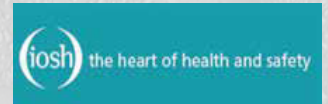

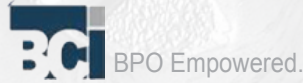

- Cost savings with more effective group training.

## Partnership

## MANAGEMENT

ITC has a current, scientific and criteria-based system of recruitment that ensures employing the right talents in the suitable position. ITC's management team is committed to the finest service possible for our clients. This is achieved through our extremely qualified personnel and unwavering commitment to continuous improvement efforts based on clients' feedback.

### Instructors

All our trainers and instructors are qualified in their fields and have many years of experience in industry and vocational training, which we feel is crucial for creating an open and motivating training environment.

Most of our instructors have extensive experience working in different parts of the world, there by bringing a wealth of knowledge to each training course.

Their expertise enables us to provide training in the latest theories, blended with practical case studies based on their own experience.

### Competitive Advantage

We maintain an advanced level of industry interaction in the form of course content ratifications, certifications etc., with the objective of providing an outstanding channel among our trainees, industrial professionals and trainers to spread innovative and important new work in the technology fields.

All our programs include strategic involvement from various industries at every stage of the program. This interaction, combined with unique and innovative delivery methods like case studies, industrial projects, internships, placement assistance, and value added sessions to improve personal skills etc., makes ITC one of the most reputed key players in the training business in the area of vibrant, new and emerging technologies.

## LONG PROGRAMS

### **Concept :**

Methodology :

### **Customers :**

- These Long Programs aim to qualify fresh graduate Saudi youths -interested in being a professional employees - to be able well to join any Saudi company as a talented member in any company staff.

### **Redayat Group**

- Al Kifah for Building Materials Co.
- Saipem Taqa Al-Rushaid Fabricators Company Ltd (STAR)
- Global Suhaimi

## SUCCESS STORIES

Integrated for training had been one of the most recognized training institutes as a main vendor for the huge companies in the kingdom since 2001 (ARAMCO, SABIC, SCICO, REDAYAT, NGHHA, Royal Commission for Jubail, Ministry of Interior, Ministry of Health, Minister of Defense, others)

### Technical & Safety Courses with Saudi ARAMCO :

- 4 Years Contract with PEDD in Dhahran valid to 2016 for NACE Corrosion and Coating Inspector courses and exams.
- 3 Years contract with PEDD in Dhahran valid to 2017 for PMI PMP preparation course, simulation exam and PMP exam. In 2015 we have trained 150 trainees
- American Petroleum Institute API + Exams.
- General Safety.
- Welding.
- Specialized safety training workshops (NEBOSH & HAZOP) For Ud-hailiyah (more than 300 Trainees).
- Preparatory Course for American Welding Society Certified Welding Inspector (AWS CWI) Examination.
- ASME «American Society of Mechanical Engineers» courses.

### IADC Well Control Training

- Technical Courses to SABIC:
- 2 Years Contract for American Petroleum Institute API + Exam.
- Coating Inspection Certificats.
- Non Destructive testing NDT.
- Safety Leadership.
- ISO 9001:2008 Quality Management System.
